## *This Year's Football Team: Electrifying, Amazing, Petrifying "All Right"*

The 1966 football season can be summed up in two words, "all right." This saying will long be remembered by the varsity players as it sums up the togetherness of the team. These words were started by Bob Delsol and Jim Thunen during the hot summer practices. The words were used during these typical times: before Coach Klotz's exercises; when David Hendry was a runner; when Delsol went animal against Williamson and totally destroyed him; after a gallant and smashing victory by the Clan the words "all right" could be heard echoing through the locker room; when the lights went out during a football meeting and Dave Gensey was sitting next to you; when Bob Muenster walked out of the "Alley" before the game, and whenever a group of Piedmont Clansmen have a get-together. Football teams come and go but the team of 1966 will long be remembered in the hearts of their fellow Clansmen. All Right!!!!
