A year of change proves successful for the Highlanders

This year's Varsity Football Team had a new look due to the coaching change over the summer. Kurt Bryan took over the job and his dreams for the Highlanders were all realized early in the season.

As he hoped, this group of 25 inspired players competed with, and beat, teams from much larger schools. "In this tough league," says coach Bryan "we have to give it all we have every week." There is no better example of this effort than starting quarterback John Ynostroza. John loved throwing to his talented receivers Jeff Bond, Jack Cooper, and Garrett Roll. He did so well this year that he was one of the Bay Area's highest rated quarterbacks.

One of the other standouts on this year's team was senior runningback Ben Fendel. Ben's powerful style and speed made it impossible for the opposition to stop him.

The offensive line was led by center Matt Eggert, who always made sure that everyone knew what they were doing on each play.

The Highlanders defense was anchored by senior linebackers Josh Castro and Mike Morris. These two often led the highlanders in tackles and were always answering the questions of younger players.

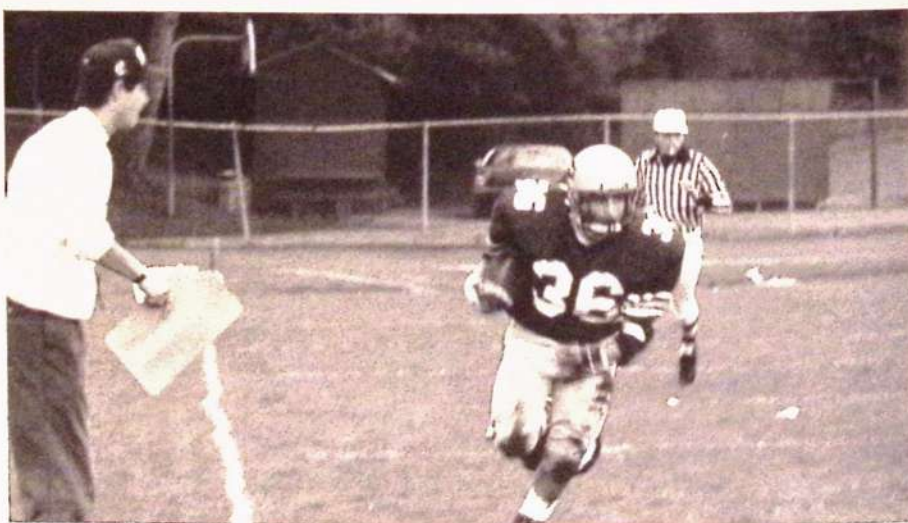

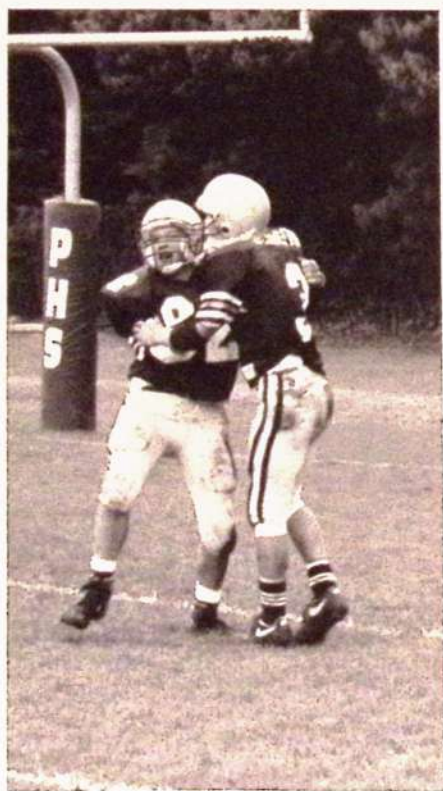

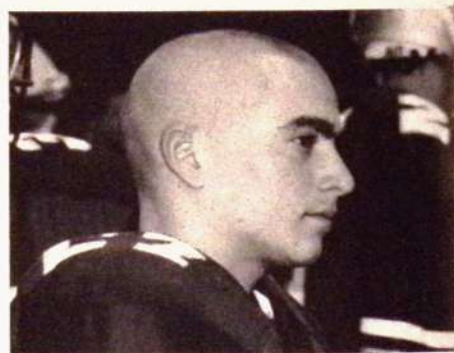

The 1993-1994 Varsity Football Team was full of heart and young talent, much of which will be coming back next year for what will hopefully be an even better season.

Hard work and dedication were the words that formed the basis of a successful '93 football season. The players, both JV and Frosh, were very united and continued to show great attitude and effort this year. The Freshmen's skill and perseverance led them to an outstanding 7-1 record.

Unfortunately, the JV team had trouble starting the year off. Of course, under the leadership of the new coaches, Poul Willerup and Jon Defeo, they ended the season on a positive note with two straight victories. Despite their record, the JV team built a strong foundation which will help them in their future seasons. Overall, the 1993 JV and Frosh football teams showed great promise and high hopes for the coming years. The players have polished their skills and will be ready to play with the big boys in the seasons to come.
