This year's Highlander football team went through a lot of adversity, and proved once again the Piedmont students are always five times better!

Senior wide receivers Danny Fleming and Bryan Saalfeld were key contributors to the wide open Highlander offense.

This year's young defense, led by Senior captain Chris Hilton, was tremendous when it came to stopping the opposition. They made many big hits sending the crowd on it's feet, and their opponents on their backs!

1994-1995 Varsity Football Team had many injuries, making them unable to achieve their high expectations. To all you 1994/95 Highlanders.... "Cotton candy, sweet as gold, let me see your tootsie roll!"

THE MIGHTY HIGHLANDERS

Excellence was the only word to describe the J.V. and Frosh football teams this year. With an aggressive, smash-em-up attitude, the boys of 94 led both teams through a victorious season. Both J.V. and Frosh coaches got the players pumped before every game, inspiring the players to pummel the competition. Opposing teams were always in fear of the Mighty Highlanders. Both the J.V. and Frosh teams proved to be an extremely accurate reflection of why Piedmont High is 5 times better.
